Industrial-Marine-High Performance Lubricants

## HYLUCX Lubricants

A customer's dilemma - Quality or Price? We offer both! Star Composed Chemicals MFG LLC is a Lubricant Manufacturing Company based in UAE operating for the past 13 years. The company believes in producing quality products resulting in total customer satisfaction and was accredited with ISO 9001 since its first year of production in 2007. It is equipped with state-of-the-art blending & production facilities and a highly trained professional workforce. The product lines include Automotive, Industrial and Marine Lubricants and Greases conforming to international standards. Star Composed Chemicals MFG LLC has 2 leading brands registered under its name – STARTEC & HYLUCX Lubricants.

Launched recently in the International Market, HYLUCX is a revolutionary and innovative product to be added in our offering. Over its short span, HYLUCX has been able to swiftly spread into the Middle East and Asian market. Manufactured from 100% Virgin Oil, HYLUCX has the exceptional ability of providing finer quality, and at the same time being considerably cost-effective. HYLUCX is able to modify its product lines to meet specific customer needs, hence, the price is set by the customer! HYLUCX is in the process of establishing a network of agents and dealers to boost exports, and provide an effective after-sales service to our valued customers in the regions of Asia, Middle East and Africa.

Apart from the above, Star Composed Chemicals MFG LLC also provides private labelling and toll blending services (3rd party blending) for customers requiring products in their own brand names.
